The examiner agrees with applicant that the finality of the previous office action was improper and it is withdrawn here. The remaining issues have been resolved in the claims by mutual agreement in amended claims presented by applicant. A minor rewrite of claim 26 (to correct antecedents) appears below. Authorization for this examiner's amendment was given in a telephone interview with Cynthia Soumoff.

The amendment after final of January 7, 2008 (bearing a certificate of mail of January 4, 2008) has been entered and claim 26 of that amendment has been rewritten as follows:

26. (Currently amended) A vertical tube and shell heat exchanger according to claim 18, further comprising a first source of the first fluid, the first source being fluidly connected to a first fluid passing port of said pair of first fluid passing ports, and a second source of the second fluid, the second source being fluidly connected to a second fluid passing port of said pair of second fluid passing ports, wherein the first fluid comprises a polymerizable substance and is passed through the first fluid passing port of the heat exchanger and the second fluid comprises a low temperature fluid and is introduced to the second fluid passing port as coolant.
